BRINGING BATHROOMS TO LIFE, FOR LIFE

LONDON • PARIS • NEW YORK • BERLIN • MOSCOW • ATHENS • HONG KONG

IMPERIAL

...British classical design and elegance

I am delighted to welcome you to the world of Imperial Bathrooms.

We are a family owned business of longstanding manufacturing in the heart of the Potteries. We take tremendous pride in our traditional methods and values incorporating timeless designs, handcraftsmanship and high quality materials that have endured for over two centuries in the British ceramic industry.

Our Bathroom Collections have been created without compromise to satisfy the needs of the most discerning clients throughout the world, combining exceptional design with technical performance.

The latest edition of our Design Guide is the embodiment of the pride, skills and passion that defines Imperial Bathrooms, and I believe that the ownership of an Imperial Bathroom will provide you, our customer, with a similar sense of pride and satisfaction for many years to come.

Geoffrey Stevenson
Chairman

IMPERIAL

Designed and handcrafted in the heart of England...

The collections in this guide are dedicated to those who truly recognise quality and individuality when they see it. The kind of hand-crafted perfection that no mere machine alone can truly replicate.

Take a close look at the finish of any piece of Imperial ceramic ware and you will discover a flawlessly smooth surface beneath layer after layer of Imperial's brilliant glaze. Notice how our bathroom furniture is made the traditional way with jointed solid wood and genuine wood veneers. Feel the reassuring strength and weight of our brassware, because beneath its Chrome, Antique Gold or Polished Nickel finish it really is manufactured from cast brass to last a lifetime, or more.

These are just a few examples of the way Imperial is showcasing the very finest British traditions of quality around the world. And as for the way our bathrooms look, we are delighted to say that they speak for themselves.

We want to spoil you for choice with our collections, but we also want to make choosing a simple pleasure. Our design team has arranged our ceramic ware, basin stands and furniture into a series of Imperial collections. Each one comprises a co-ordinated selection of pieces that go beautifully together in virtually any combination. You can then go on to add your own choices of brassware, bath, tiling, lighting, mirrors and accessories to create the stunningly distinctive bathroom you have always promised yourself.

Astoria Deco

ASTORIA DECO COLLECTION

The designers of the 1920s left years of wartime austerity behind them with exuberant new forms and striking colour combinations. Our Astoria Deco Collection is the perfect starting point to create your own personal evocation of the Jazz Age.

CAST IRON BATH TUBS

The iconic Bentley bath provides a charming centrepiece for a bathroom and the look is not limited to period-style homes. A cast iron bath can also provide an exciting twist in a contemporary setting. Each of our cast iron baths comes in grey primer because, historically, the exterior of the bath would be painted to match the owner's chosen décor. We see no reason to depart from that tradition.

a. Victorian exposed shower valve with 5" Flowmaster shower head, rigid riser, Victorian shower tidy soap rack and handset
Available in Chrome, Antique Gold or Polished Nickel

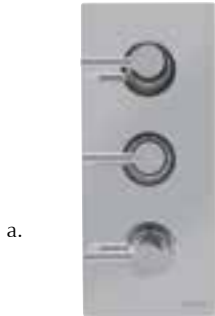

b. Concealed Victorian Thermostatic dual control valve with shower arm and 5" Flowmaster shower head
Available in Chrome, Antique Gold or Polished Nickel

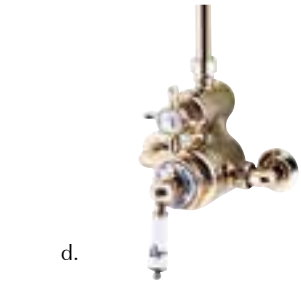

c. Exposed Victorian thermostatic dual control valve with external riser, shower arm and 5" Flowmaster shower head
Available in Chrome, Antique Gold or Polished Nickel

Thermostatic shower valves THERMOSTATIC SHOWER VALVES

All our valve designs, even the most traditional, conceal the latest temperature control technology. When someone turns on a tap in the house these systems will protect from any sudden hot or cold surges. This is good news for everyone, and a real safety must-have if children or older people will use the shower.

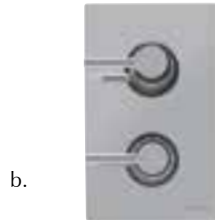

a.

d.

a. Modern concealed thermostatic shower valve with 3 controls
Available in Chrome, Antique Gold or Polished Nickel

b. Modern concealed thermostatic shower valve with 2 controls
Available in Chrome, Antique Gold or Polished Nickel

SHOWER HEADS

All our shower heads are superbly efficient. It is just a matter of choosing the right design to co-ordinate your chosen bathroom style - whether it happens to be classical or cool and contemporary.

a. Flowmaster fixed head

Available in a 5" or 8" shower head
Available in Chrome, Antique Gold or Polished Nickel

b. Aqueous 8" fixed head

Available in Chrome, Antique Gold or Polished Nickel

c. Energiser fixed head

Available in a 5", 8" or 12" shower head
Available in Chrome, Antique Gold or Polished Nickel

d. Ceiling shower adaptor

Available in Chrome, Antique Gold or Polished Nickel

e. Breccia

Available in Chrome, Antique Gold or Polished Nickel

f. Slimline fixed head

Available in Chrome, Antique Gold or Polished Nickel

g. Starburst fixed head

Available in Chrome, Antique Gold or Polished Nickel

SHOWER ACCESSORIES & SLIDER RAIL KITS

Consider extras to make showering an even more refreshing experience. Complement a fixed shower head with a removable shower hand for your lower body, for example. Or, for a decadent all-over shower experience, you could add a series of body jets at various levels.

a. Outlet elbow

Available in Chrome, Antique Gold or Polished Nickel

b. Victorian shower tidy soap rack

Available in Chrome, Antique Gold or Polished Nickel
For use with Victorian rigid riser kits

c. Lei shower soap holder

Tile Collection

TILE COLLECTION

It is impossible to plan your perfect bathroom without including the unrivalled impact of tiles in your design thinking. We offer you no fewer than seven tile collections, each inspired by period decorating styles and designed to give you infinite creative options.

ELIZABETHAN	178
TUDOR	182
GEORGIAN	186
NEW ENGLAND	190
PLAZA	194
EDWARDIAN	198
ANTIQUE CRACKLE	202

Elizabethan

ELIZABETHAN TILE COLLECTION

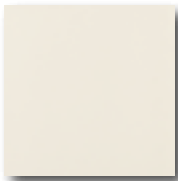

Another prestigious effect, this time using a square format in a choice of subtle earthy shades. The highly distinctive detailing is achieved using the small Elizabethan Mosaic feature tiles.

As featured:
Octagonal Chalk tiles
Charcoal Mosaic

FLOOR TILE OPTIONS

a. **Chalk**
30x30
Sold by box - 1.35m²

b. **Octagonal Mosaic
Insert Chalk**
3.5x3.5

c. **Octagonal Chalk**
20x20
Sold by box - 1.16m²

a. **Charcoal**
30x30
Sold by box - 1.35m²

b. **Octagonal Mosaic
Insert Charcoal**
3.5x3.5

c. **Octagonal Charcoal**
20x20
Sold by box - 1.16m²

a. **Taupe**
30x30
Sold by box - 1.35m²

b. **Octagonal Mosaic
Insert Taupe**
3.5x3.5

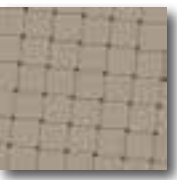

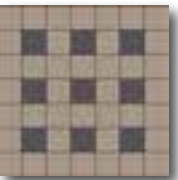

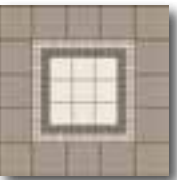

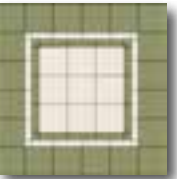

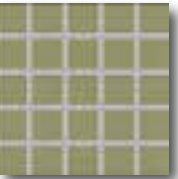

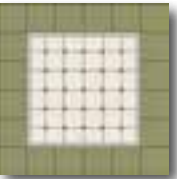

a. **Verde**
30x30
Sold by box - 1.35m²

- a. 15 tiles per box - 1.35m²
- b. Sold individually
- c. 30 tiles per box - 1.16m²

Laying edge-to-edge without joints is strongly discouraged, indeed it is not practicable for exterior applications. In the case of modular laying of different formats allow for at least 3mm joint widths.

This collection coordinates with the Tudor mosaic tile collection:

Tudor TUDOR MOSAIC TILE COLLECTION

A collection with an inspiring number of options for you to conjure dramatic mosaic effect patterns in either softly toning or powerfully contrasting combinations.

IMPERIAL

FLOOR MOSAIC TILE OPTIONS

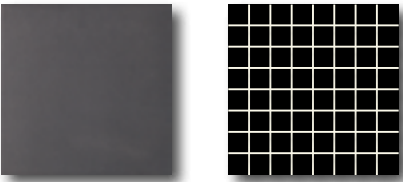

- a. 15 tiles per box - 1.35m²
- b. 6 sheets per box - 0.54m²
- c. 6 sheets per box - 0.54m²

Laying edge-to-edge without joints is strongly discouraged, indeed it is not practicable for exterior applications. In the case of modular laying of different formats allow for at least 3mm joint widths.

Sold by box - 0.54m²

d. Nero
13x52cm
Sold by box - 0.54m²

BRUSHED EXTRUDED PORCELAIN TILES

Technology and tradition combined in an elegant product. With the strength of porcelain and the look of a hand made product, it is highly recommended for residential use.

- a. 8 tiles per box - 0.54m²
- b. 8 tiles per box - 0.54m²
- c. 8 tiles per box - 0.54m²
- d. 8 tiles per box - 0.54m²

Suggestions for the installation
This is an artisan extruded material. To get a correct colour blend it is recommended to mix tiles from a few different boxes during installation. A 3mm grout-joint is suggested.

Plaza

PLAZA WALL TILES

Plaza tiles are all about glamour, an opulent re-imagining of the Golden Era of the 1920s. These make magnificent companion tiles for our Astoria Deco ceramic ware collection – or consider them to create a dramatically retro backdrop for any of our other collections.

IMPERIAL

Antique Crackle ANTIQUE CRACKLE CERAMIC WALL TILES

If you are planning a bathroom with an authentic period feel, then this collection will give you the irregular hand-made look and aged patina of tiles first fixed a century or more ago. But, unlike original tiles, these gloriously rich and deep glazes won't stain or discolour as the years go by.

WALL TILE OPTIONS

Cistern fittings without handle for close coupled, low level or high level

INSTALLATION INSTRUCTIONS FOR LIGHTING FIXTURES IP44 RATED WALL LAMPS - INFORMATION AND INSTALLATION

IMPORTANT INFORMATION:

Imperial recommends that a qualified electrician should install your lighting.

Complaints made following installation cannot be accepted.

Thank you for choosing this product. It has been manufactured with care from quality materials and when installed correctly should give many years of trouble free service. To ensure your complete safety and satisfaction, before commencing any installation please ensure that you have read and fully understood the following instructions. Remember; if you have any doubts about connection please consult a qualified electrician.

IMPORTANT: We recommend that this lamp is installed by a qualified electrician in accordance with current IEE wiring and building regulations. These lamps are not suitable for outdoor use.

Resistance to moisture: These lamps have been tested and rated at IP44. When assembled & mounted correctly, they are suitable for use in Bathrooms (zones 2 & 3) Correct orientation of the wall lamps is essential to maintain this protection rating and is shown on the label inside the lamp back plate.

WARNING

Switch off electricity supply at fuse box before and during installation and maintenance. We recommend that the circuit fuse or breaker is withdrawn to prevent accidental switching on whilst work is in progress. Light fittings should be protected by a maximum 6 amp fuse / miniature circuit breaker (M.C.B.)

1. Remove the stainless steel mounting plate from the back of the lamp by unscrewing the allen screw in the top edge of the lamp back plate using the allen key provided.

2. Carefully mark the position of the fixing holes for the wall mounting plate in the desired position on the wall ensuring that the plate is the correct way up and not back to front. The wall lamps are quite heavy, and the mounting plate will need to be securely screwed to the wall using suitable fixings for the particular type of wall construction where the lamp is to be installed.

3. Taking great care not to interfere with existing cables or pipework, drill the fixing holes of a suitable size for the screws or fixings you are using.

4. Pass the cables from the wall through the plastic grommet of the mounting plate, and secure the plate to the wall using the screws or other fixings you have chosen. Carefully support the wall lamp, while making the mains connection as below.

5. The wires are coded as follows:

Brown - Live (L)

Blue - Neutral (N)

Green/Yellow - Earth (E) - THESE LAMPS MUST BE EARTHED

6. Connect the mains wires securely to the lamp as indicated above, using only the special terminal block supplied with the lamp. To open the terminal block cover, insert a small flat bladed screwdriver into both of the small slots on the front of the cover marked with an arrow. Pushing the screwdriver down slightly and levering gently away from the housing will release the two

small catches allowing the cover to be opened. When making the connection, ensure that no bare or loose strands of wire are exposed, and that the outer sheath of the supply cable passes through the special grommet into the connector box. Do not disassemble the connections made already from the lamp to the terminal block.

7. Secure the lamp to the mounting plate from the lower edge of the back plate first, sliding the lamp slightly upward to locate the tang on the mounting plate in the slot in the back of the lamp. Once located, bring the top of the lamp backplate toward the wall and secure by tightening the allen screw in the top edge with the allen key provided. Ensure that no wires are trapped when tightening the allen screw.

WATTAGE

Never exceed the maximum wattage as indicated on the bulb holders.

BULB REPLACEMENT

This differs between models: - Follow the directions below for only the model in use. In all cases, switch off the lamp and allow the bulb to cool prior to commencing.

Carlyon Single and Double, Radcliffe Single and Double, Toledo Single and Double: Unscrew the glass shade and replace the bulb with the same type as marked on the bulb holder.

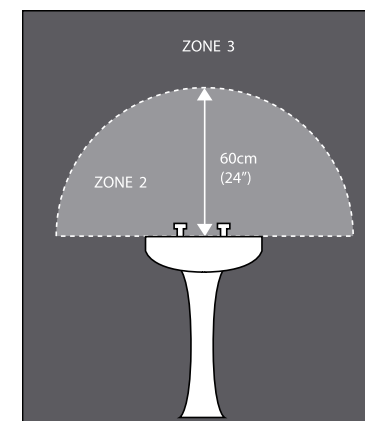

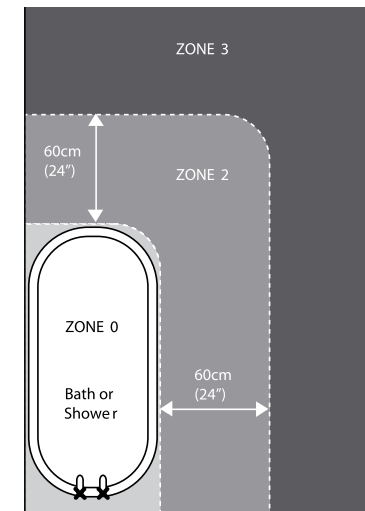

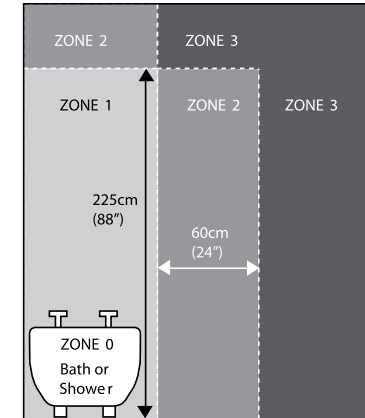

Brokton and Pendant: - Shade and Bulb replacement. Unscrew the domed glass bulb cover complete with shade ring. (This is quite stiff due to its rubber sealing gland). Unscrew and remove the bulb. You can now fit the shade of your choice. With the shade seated on the bulb holder, screw in a new E14 screw cap tube shaped bulb of up to 40 watts maximum. Finally screw the glass bulb cover and shade ring back on to the lamp as a unit (it can easily be re-seated if they have come apart in disassembly).

Cadiz and Avila: Carefully remove the domed frosted glass bulb cover (this is a pull/push fit over the rubber seals at the base of the bulb holder). Unscrew the glass shade if greater access is required and pull out the old bulb. Replace the bulb with a G9 mains voltage halogen bulb of 40 watts maximum taking care not to let the bulb have direct contact with your fingers. Screw the glass shade back on to the lamp and finally push home the domed frosted glass bulb cover ensuring it is over the seals at the bottom of the bulb holder.

CARE OF THIS PRODUCT

Clean only with a dry soft duster. Do not use any proprietary cleaners and polishes, which may have a detrimental effect on the finish.

The Company reserves the right to continually evolve its product line without notification. The Company will not accept any liability regarding specification changes and their consequences unless previously quoted by the Company in writing.

GUARANTEES, TERMS AND CUSTOMER CARE

PURCHASING AND INSTALLING YOUR IMPERIAL BATHROOM

8. Estos términos y condiciones están regidos por las leyes de Inglaterra y Gales, y todas las partes se someten a la jurisdicción de las Cortes Inglesas.

9. En la medida en que lo permite la ley aplicable, más allá de la garantía expresa establecida en estos términos y condiciones (o las de cualquier otro tercero proveedor), no otorgamos garantías adicionales, ya sea expresas o implícitas, y rechazamos toda garantía implícita, ya sea de hecho o por aplicación de la ley, estatuida o de cualquier otro modo, incluyendo las garantías o condiciones de comerciabilidad y aptitud para el uso en particular. Toda garantía no denegada bajo la ley aplicable se limita en duración al período de garantía. Ninguna garantía, ya sea expresa o implícita, se aplicará una vez caducado este período. De ningún modo nuestra empresa (ni ningún tercero proveedor) será responsable por ningún daño especial, indirecto, incidental, o consecuente, pérdidas, costes o gastos, cualquiera sea su razón, ya sea contractual o extracontractual, incluyendo, sin restricciones, toda pérdida económica de cualquier tipo, toda pérdida o daño a la propiedad, todo costo de mano de obra para la reinstalación del producto, toda lesión personal, todo daño o lesión que se deba o sea el resultado del uso indebido o abuso, o de la incorrecta instalación, integración u operación del producto. No aceptamos ni autorizamos a ninguna otra persona a aceptar ninguna responsabilidad en relación con la reparación o reemplazo del producto, y limitamos el valor de todo reclamo al reemplazo de los productos, sin incluir ningún cargo consecuente (tal como los gastos de fontanería).

10. La garantía es intransferible y sólo se aplica al comprador / vendedor originales.

РУССКИЙ ЯЗЫК

Гарантии и обслуживание клиентов. Положения и условия

Заказы клиентов
Все заказы необходимо направлять в компанию Imperial по факсу +44 1922 743180 или по электронной почте [HYPERLINK "mailto:export@imperial-bathrooms.co.uk"](mailto:export@imperial-bathrooms.co.uk) export@imperial-bathrooms.co.uk . К сожалению, компания не может принимать устные заказы. При размещении заказа Покупатель должен подтвердить, что он знаком с Положениями и условиями продажи, действующими в компании Imperial. Анулирование заказов осуществляется путем отправки письменного уведомления (по факсу или электронной почте) в отдел продаж. Если заказ был уже отгружен или доставлен, то применяется штраф за возврат неиспользованного товара в размере 30%.

Доставка
При наличии товара на складе компания должна быть в состоянии доставить его в течение пяти рабочих дней. Если мы не можем отгрузить заказ в полном объеме, мы будем отправлять изделия по мере их доступности. Отдел продаж будет информировать Вас о статусе выполнения Вашего заказа, а если у Вас возникнут какие-

либо вопросы, то позвоните, пожалуйста, в отдел продаж по телефону +44 1922 743074.

Если поставленный заказ имеет недостатки или поврежденные изделия, то Вы должны сообщить об этом отделу продаж (по факсу или электронной почте) в течение трех рабочих дней с момента получения товара. Несообщение этой информации в указанный период лишает более поздние претензии юридической силы.

Возврат
Возврат каких-либо товаров компании Imperial осуществляется только на основании разрешения с ее стороны. Сообщите, пожалуйста, отделу продаж о возврате и получите номер Разрешения на возврат товара. После этого представитель Imperial свяжется с Вами, чтобы оговорить условия возврата товаров.

Положения и условия
Свяжитесь, пожалуйста, с отделом продаж, чтобы получить экземпляр наших Положений и условий. Данные положения и условия регулируются законодательством Англии и Уэльса, и каждая из сторон обязуется подчиняться юрисдикции английских судов.

Другие условия изложены в Договоре о продаже и в письме-представлении компании Imperial.

Установка и технические характеристики
Мы рекомендуем, чтобы все изделия покупались в специализированном предприятии розничной торговли изделиями для ванных комнат и всегда устанавливались опытным специалистом, который является членом признанной ассоциации сантехников. Список таких предприятий розничной торговли можно получить в нашем отделе продаж. Многие предприятия, демонстрирующие ассортимент изделий компании Imperial, предлагают полный сервис в области дизайна и установки. Сантехнические изделия компании Imperial Bathrooms изготавливаются с соблюдением самых жестких стандартов, и каждое из изделий в процессе производства может подвергаться различным проверкам качества до 15 раз. Тем не менее, несмотря на высокий уровень качества производства, достигнутый на заводе компании Imperial, на все сантехнические изделия распространяются ограничения, присущие процессу производства керамических изделий. В отличие от изделий, полученных путем механической обработки, изделия из натуральной глины подвержены усадке и деформации при обжиге, и поскольку полностью контролировать такой процесс невозможно, то готовые изделия имеют небольшие отклонения в

своих размерах. В большинстве случаев это не заметно и не оказывает значительного влияния на установку или на внешний вид ванной, но в любом случае такие отклонения являются нормальными и ожидаемыми.

Дополнительную техническую информацию и размеры можно узнать, посетив сайт www.imperialtechspec.com, или позвонив в отдел продаж по телефону +44 1922 743074.

Перед установкой все изделия должны пройти осмотр.
(i) Размеры. В данной брошюре приведены номинальные размеры. Фактические размеры керамических изделий могут варьироваться в пределах +/- 2% по отношению к размерам, указанным в нашей технической документации. Если установка планируется в месте, где размеры имеют критическое значение, то рекомендуется физически проверить, помещаются ли конкретные изделия в отведенном для них пространстве.

(ii) Отделка деревянных поверхностей. Внешний вид всех деталей из натуральной древесины может меняться со временем, а цвет может слегка варьироваться от партии к партии или от панели к панели. Поэтому добиться точного соответствия цвета в тех случаях, когда некоторые дополнительные изделия поставляются позже, не всегда представляется возможным.

(iii) Сантехнический фарфор. Это исключительно твердые непористые изделия, которые также являются хрупкими и поэтому не должны подвергаться воздействию механических напряжений во время установки. Фитинги, подсоединяемые к стоку ванн, при чрезмерном затягивании создают в керамическом материале напряжения, которые со временем могут привести к разрушению изделия. Присоединительные фитинги нужно тщательно изолировать силиконовыми прокладками, а зажимную гайку следует затягивать вручную. После этого для создания необходимого герметичного соединения достаточно будет дополнительно подтянуть гайку на четверть оборота с помощью подходящего гаечного ключа. Также необходимо проявлять осторожность при установке изделий из меди для предотвращения аналогичных поломок, обусловленных напряжением.

(iv) Сливной бачок. Все унитазы и сливные бачки компании Imperial Bathrooms рассчитаны на слив объемом в

6 литров, что соответствует требованиям европейских стандартов EN.

(v) Акриловые ванны. Указанные размеры акриловых ванн являются номинальными, конечные размеры часто зависят от количества деталей в конструкции. Перед установкой все ванны должны быть тщательно осмотрены.

(vi) Золочение и никелировка. Нанесение металлизированных покрытий на все изделия со старинной позолотой или никелировкой осуществляется в Великобритании в соответствии с британскими и европейскими стандартами для соответствующих изделий. Такие изделия, выполненные на заказ, не подлежат возврату в компанию Imperial.

(vii) Мебель. Мебель компании Imperial Bathrooms изготавливается как из массивной древесины, так и из древесного шпона, при этом все указанные размеры являются номинальными и их следует проверять на конкретном изделии. Используемый лесоматериал поставляется из возобновляемых источников, и, хотя при изготовлении прилагаются все усилия для обеспечения единообразия, между отдельными изделиями неминуемо будут существовать различия в цвете и текстуре, которые, на самом деле, являются одним из аспектов красоты и уникальной привлекательности использования природных материалов. Для изделий, содержащих стекло, декорированное «под изморозь», используется только упрочненное безосколочное стекло.

(viii) Чугунные ванны. Во время изготовления на внутреннюю поверхность раскаленной докрасна чугунной ванны наплавляется толстый слой порошковой эмали. Однако этот давно применяемый процесс может приводить к образованию на поверхности ряби, а также крохотных ямочек и пятнышек, которые присущи такому виду изделия, являются для него нормальными и ожидаемыми и даже повышают его привлекательность, но не влияют на эксплуатационные качества ванны.

(ix) Рабочее давление. Рекомендуемое рабочее давление для кранов, смесителей и душевых вентилей составляет от 0,3 бар до 5 бар. Если фактическое давление превышает указанные значения, то в системе необходимо установить понижающий давление вентиль.

(x) Плитка. Плитка изготавливается так, чтобы своим внешним видом, размером, формой, цветом, толщиной, оттенком глазури она была

похожа на плитку, изготовленную вручную, и поэтому все плитки отличаются своим внешним видом друг от друга. Чтобы получить наилучшее сочетание, мы рекомендуем брать плитку при ее укладке из нескольких упаковок. Для повышения эстетического вида рекомендуемая толщина шва должна составлять 3 мм. Используйте только водостойкие адгезивы и цементные растворы. Дополнительную техническую информацию и дополнительные указания по кладке плитки можно получить, позвонив в отдел продаж по телефону +44 1922 743074.

Уход за ванной комнатой
Сантехника. Глазурованную поверхность Ваших сантехнических изделий после использования необходимо очистить путем нанесения небольшого количества кремнеподобного чистящего средства. Нанесите чистящее средство на поверхность с помощью губки или влажной тряпки, а затем тщательно ополосните поверхность чистой водой. Не пользуйтесь чистящими средствами, содержащими абразивные материалы.

Изделия из бронзы и краны со старинной позолотой, хромированным и никелированным покрытием следует мыть теплым мыльным раствором, а затем протирать насухо мягкой тряпкой. Ни в коем случае не следует чистить металлизированные покрытия отбелителями, абразивными чистящими средствами, полирующими средствами или детергентами, в частности, если эти материалы используются для чистки изделий с никелированной или золоченой поверхностью, то такая поверхность может быть повреждена. Акриловые ванны следует чистить с помощью аналогичных неабразивных чистящих средств.

Туалетные столики для ванных комнат, сиденья и панели ванн можно протирать влажной тряпкой, а затем вытирать насухо куском мягкой материи. Использование полирующих средств, содержащих силиконовые или любые абразивные материалы, может повредить отделку деревянных поверхностей. Допускается умеренное использование парафинсодержащих полирующих средств, которые следует наносить с помощью мягкой сухой тряпки.

Камень / мрамор. Для повышения удобства в пользовании каждый элемент конструкции из камня/мрамора был предварительно герметизирован, однако, все они требуют регулярного ухода с применением подходящих средств для чистки и герметизации. Мы использовали специальный пропиточный состав, оптимально защищающий абсорбирующую поверхность натуральных камней, чувствительную к загрязнениям. Он, в основном, предотвращает проникновение масел, жиров и воды и облегчает дальнейший уход. Использование соответствующих средств для длительного ухода облегчит процесс чистки и будет поддерживать хороший внешний вид каменных поверхностей. Мы рекомендуем Вам подвергать свою покупку повторной обработке через каждые три или шесть месяцев, в зависимости от использования.

Плитку необходимо мыть теплой водой, в которую следует добавить некоторое количество нейтрального прозрачного детергента с низким содержанием сульфатов. После очистки хорошо сполосните чистой водой и протрите чистой мягкой сухой тряпкой.

Производственная политика

1. Политика компании Imperial Bathrooms состоит в непрерывном усовершенствовании. Поэтому мы оставляем за собой право изменять или дополнять технические характеристики/размеры и цены без предварительного уведомления и снимать с производства конкретные изделия/цвета также без предварительного уведомления.

2. Цвета в данной брошюре воспроизведены настолько достоверно, насколько это позволяет сделать аппаратура для фотографирования

и печати, поэтому кое-какие цвета могут отличаться от цвета фактических изделий.

3. Компания Imperial Bathrooms прилагает значительные усилия для того, чтобы гарантировать, что поставляемые ею изделия доходят до потребителя в идеальном состоянии. Тем не менее, до выполнения каких-либо монтажных работ Вам следует произвести осмотр своей покупки для выявления возможных производственных дефектов или повреждений. Мы не можем принять на себя ответственность за какой бы то ни было дефект, который был очевиден до начала установки или появился в результате оной.

Гарантия (экспортная)

1. На производимый компанией Imperial Bathrooms сантехнический фарфор выдается гарантия в том, что он не выйдет из строя по причине производственных дефектов в течение двадцати пяти лет.

2. На производимые компанией Imperial Bathrooms краны, смесители, дополнительное оборудование и душевые вентили выдается гарантия в том, что они не выйдут из строя по причине производственных дефектов в течение одного года (кроме металлизированных поверхностей и сменных деталей, подверженных обычному износу, например, прокладок).

3. На производимые компанией Imperial Bathrooms туалетные столики для ванных комнат выдается гарантия в том, что они не выйдут из строя по причине производственных дефектов в течение одного года с момента установки.

4. На все виды ванн, производимых компанией Imperial Bathrooms, выдается гарантия в том, что они не выйдут из строя по причине производственных дефектов в течение пяти лет.

5. На все компоненты гидромассажных систем типа джакузи выдается гарантия сроком на один год.

6. На все изделия из камня и мрамора выдается гарантия в том, что они не выйдут из строя по причине производственных дефектов в течение одного года, вместе с тем, не дается никаких гарантий в отношении появления пятен / потери цвета.

7. На плитку выдается гарантия в том, что она не выйдет из строя по причине производственных дефектов в течение одного года, вместе с тем, не дается никаких гарантий в отношении появления пятен / потери цвета.

Предъявление претензий на основе гарантий компании Imperial

Для предъявления претензии на основании выданной гарантии, необходимо наличие следующих условий.

1. Вместе с претензией необходимо представить доказательство покупки.

2. Изделие должно быть установлено в соответствии с нашими инструкциями по монтажу, стандартами EN и общепринятыми нормами квалифицированной сантехнической деятельности.

3. Нам необходимо будет убедиться, что техническое обслуживание и уход за изделием осуществлялись в соответствии с нашими Инструкциями по уходу. Мы не несем ответственность за выход изделия из строя, если оно было модифицировано, неправильно использовалось, не обслуживалось надлежащим образом или было повреждено – умышленно или по неосторожности. Изделие должно использоваться исключительно с целью, для которой оно создано.

4. У нас должна быть возможность (в пределах разумного) осмотреть изделие на месте установки. Если изделие демонтировано, его необходимо сохранить для осмотра.

5. Наша политика состоит в непрерывном усовершенствовании. Если отказ изделия наступил в случаях, предусмотренных настоящей гарантией, предлагается замена; если идентичные изделия больше не

производятся, мы заменим отказавшее изделие наиболее близким эквивалентом.

6. Настоящая гарантия распространяется только на одно, вышедшее из строя изделие, и не на весь комплект изделий для ванной комнаты.

7. Мы не несем ответственность за возмещение расходов на ремонт или замену, если выход изделия из строя обусловлен одной из следующих причин: случайным или умышленным повреждением; неправильным использованием; халатностью; общим износом; повреждением вследствие плохой установки, плохого обслуживания или косвенного ущерба; модификацией изделия; нецелевым использованием; ненадлежащим использованием.

8. Данные положения и условия регулируются законодательством Англии и Уэльса, и каждая из сторон обязуется подчиняться юрисдикции английских судов.

9. Помимо гарантий, изложенных в явном виде в данных положениях и условиях, ни мы, ни любой другой посторонний поставщик в рамках, разрешенных действующим законодательством, не даем никаких дополнительных гарантий – ни в явной, ни в неявной форме, и отрицаем все подразумеваемые гарантии – как даденные фактически, так и подразумеваемые по закону, подзаконным актам или иным образом, включая гарантии или условия товарности и пригодности для определенной цели. Срок действия любых гарантий, от которых нельзя отказаться в силу действующего законодательства, ограничивается периодом действия настоящей гарантии. По истечении этого периода все гарантии – как в явной, так и в неявной форме – теряют свою силу. Ни при каких обстоятельствах ни мы, ни любой другой посторонний поставщик не будем нести никакой ответственности за какие бы то ни было фактические, косвенные или случайные убытки, или за стоимость понесенного ущерба, чем бы он ни был вызван – нарушением контракта или противоправными действиями, включая, в частности, любой экономический ущерб любого вида, любой ущерб или повреждение имущества, любые затраты на оплату труда по восстановлению изделия, любой персональный вред, любой ущерб или вред, связанный с ненадлежащим или неправильным использованием изделия или его неправильной установкой, подключением или работой, а также любой ущерб или вред, возникающий в результате перечисленных действий. Мы не предполагаем существования и не уполномочиваем никаких других лиц брать на себя какую-либо ответственность, связанную с ремонтом или заменой изделия, и мы ограничиваем любую претензию только стоимостью замененных товаров, исключая любой косвенный ущерб (например, стоимость сантехнических работ).

10. Данная гарантия не подлежит передаче другим лицам и действует только в отношении исходного покупателя / розничного торговца.

Imperial QR codes - what are they and how do they work?

Imperial have introduced the use of QR codes into our new catalogue. By using your smart phone or tablet these codes can quickly and easily direct you to the relevant section of the website thus allowing for instant access to technical information and detailed images.

For more detailed information regarding QR codes please refer to the FAQ's below:

WHAT IS THIS IMAGE?

This is a Quick Response code (QR code). It represents the address (URL) of a single website.

HOW DOES A QR CODE WORKS?

A QR code enables you to open a web page quickly and easily, without typing the URL into you phone or tablet. Instead, you simply scan the image, your phone reads it, converts it back into URL and opens the web page.

HOW DO I SCAN THE IMAGE?

You will need a mobile phone or tablet with a camera and internet access, plus a QR code reader installed on your phone or tablet. We suggest you try the following websites. There are also others that offer a similar service.

<http://www.i-nigma.mobi>
<http://www.reader.kaywa.com>
<http://www.qrstuff.com>
or visit Apple app store.

For further information or technical specifications, please visit our new 2013 website **www.imperial-bathrooms.co.uk** now smart phone and tablet compatible
