ANTICA FABBRICA MANIFATTURIERA ITALIANA

Attraverso l'esperienza pluriennale della nostra Azienda e dei nostri maestri del legno che ancora lavorano il legno interamente a mano e posano il materiale interamente a mano, nasce il prodotto PARQUET IN. Una superficie classica che con armonia e discrezione si unisce a qualunque ambiente e stile di arredo, frutto di esperienza che ha portato non solo ad una maggiore qualità interpretativa del tradizionale pavimento in legno, ma anche ad una grande innovazione nella sua estetica: l'elemento naturale lavorato in tutte le sue splendide forme e toni di colore. Un ricco tappeto che riscalda ambienti e fantasie, un percorso magnifico che esalta e rinnova ogni precedente esperienza di intarsio e intreccio.

Queste sono le peculiarità di PARQUET IN: elementi in svariate dimensioni, forme e colori, ambienti unici e personalizzati, l'esaltazione delle caratteristiche proprie del legno, la sua luce e colore. Esse rappresentano alla perfezione la grande sapienza degli arabeschi orientali, la complessità dei mosaici bizantini, l'arte dell'artigianalità italiana e del gusto europeo.

ITALIAN OLD MANUFACTURING INDUSTRY

Following our pluriennial experience and that of our skilled wood craftsmen, who still work wood with ancient and lay the material with ancient process, we have obtained the PARQUET IN product. A smooth and classic surface that with harmony is adaptable to any kind of furniture and environment.

The result of an experience that not only brings us to higher quality of the traditional parquet, but also to an innovation in its aspect. Natural wood worked in a variety of colours and shapes. A rich carpet that warms up environment and imagination, a phantastic floor that highlights and renovates the past experience of marquetry. Here is PARQUET IN:

we combine colours, shapes and dimensions, unique and personalized environments, the exaltation of wood, light and colour. They represent the arabesque oriental works, the complexity of byzantine mosaics, a combine italian art and european style.
