

Good Night

By Vittorio Grifoni

Le Camere

La scelta di creare una collezione dedicata ai nostri figli nasce dall'esigenza di offrire un ambiente confortevole, originale e unico con proposte d'arredo di qualità...

La linea "Goodnight" by Grifoni Vittorio, risponde a questa necessità, ma va anche oltre....

Non solo camerette, ma tutto ciò che è benessere, eleganza e fantasia...

Le soluzioni che abbiamo immaginato sono solo una trama sulla quale dare forma e realtà ai desideri, alle attitudini, ai sogni dei ragazzi che sono in continua evoluzione, rendendole piccole oasi di felicità!

...perchè un sorriso possa raggiungere un filo alla trama sottilissima dell'esistenza!

The Bedrooms

Our choice to create a collection dedicated to our children came from the desire to offer a comfortable unique atmosphere made with quality...

The new line "Goodnight" by Grifoni Vittorio is an answer to this desire, but it goes even further, not just bedrooms, but all that is healthy, elegant and imaginable.

The bedrooms in this book are only a hint of a story which will develop with the imagination, habits, and desires of the children who live them, making each a personal oasis of happiness.
